Remarks

This unique Contemporary home is located on a quiet cul-de-sac on a large wooded lot. Great floor plan with four bedrooms on the second floor. The master suite has a full bath, large sitting area with a fireplace for relaxing winter nights and a full wall of windows boasting beautiful views. The master has cathedral ceilings made of beautiful wood and the other three bedrooms all have beautiful wooded vaulted ceilings. The stairs and herringbone hardwood floors lead down to the spacious fireplaced living room with a wall of windows bringing the outside in. The large dining room, eat-in kitchen with sliders to the yard, half bath and laundry area complete the first floor. Parking under the car port has direct access to the house, keeping you and your car out of the elements. If you want to travel into Boston or Worcester, you have the
